

JESADAKORN KIRTNU

HYBRID IT MANAGER & AI SYSTEMS ARCHITECT

Hybrid IT Manager and AI Systems Architect combining enterprise infrastructure automation, local-first agentic AI, and full-stack software delivery. Leads dependable macOS operations across Thailand and Germany while designing private workflow systems that keep consequential decisions in human hands.

EXPERIENCE

IT Infrastructure Manager

VIGNOLD, Thailand | 2024 - Present

- Automate and manage 50+ macOS workstations with Ansible, Munki, and custom packages, maintaining stable daily operations with minimal manual oversight.
- Coordinate IT operations between Thailand and Germany, including secure Tailscale networking, rapid onboarding, Obsidian-based knowledge systems, and workplace compliance.

Founder / Product Builder

EPSX and Folio ERP | 2024 - Present

- Designed Folio ERP around 84+ workflow states, seven organizational roles, granular RBAC, and Claim Task concurrency protection for distributed accounting teams.
- Built local AI and RAG workflows for financial extraction, policy cross-reference, GL recommendations, account matching, 7% VAT validation, and human veto control.

Senior Full-Stack Developer

Finstable | 2024

- Delivered ERP and cloud infrastructure solutions spanning role-based approvals, backend services, user-facing interfaces, and business workflow integration.

Head Engineer / Industrial Project Manager

Token Miner | 2022 - 2024

- Led mining operations across budgets, hardware, thermal design, power distribution, maintenance, and software-level kernel optimization.

Freelance Full-Stack Developer

Independent | 2021 - 2022

- Built POS, inventory, administration, and workflow-based web applications for business clients.

SELECTED SYSTEMS

- Folio ERP: 84+ states | 7 roles | concurrency-safe approvals
- HR AI Agent: LINE | n8n | private local LLM processing
- AI Contract Analyzer: private RAG | policy cross-reference | risk flags

TECHNOLOGY

Ansible | Munki | Tailscale | Obsidian | Apple MLX | Hermes | Gemma 4 | Qwen 3.5 | RAG | SQL Analytics | Next.js | Node.js | Golang | Rust | n8n
